Eileen C. Gomez

PRESIDENT, GEM CIVIC DIVISION | FORMER LAGUNA NIGUEL CITY CLERK |
PAST ROTARY CLUB PRESIDENT | REALTOR®

Eileen Gomez has spent four decades in California public service, helping residents take part in their own local government. She was elected City Clerk of Colton and later served nine years as the appointed City Clerk of Laguna Niguel. In those roles she ran city elections in partnership with the San Bernardino and Orange County Registrar of Voters, protected public records, and made government more transparent and easier to reach. During the 2020 pandemic, she helped keep democracy running by moving city meetings and election processes online. She also created and led a training program that helped the secretaries of city commissions and committees run their meetings on Zoom. In Colton, she created the Hometown Heroes Military Banner Program and the Colton Core Volunteer and Internship Program, which mentors the next generation of public servants.

Today, Eileen is President of the GEM Civic Division at GEM AI Inc., which builds multilingual AI tools that help city halls and public libraries serve every community they represent. She is also a REALTOR® licensed in California and Nevada and holds the Resort and Second Home Property Specialist designation. A Past President of both the Rotary Club of Laguna Niguel (2021–2022) and the Rotary Club of Colton (2012–2013), Eileen lives by “Service Above Self.” She currently volunteers with the Women of Wednesday (WOW) at the Niguel Botanical Preserve, where she helps care for the Girl Scout Tree Grove.

Eileen holds a Bachelor of Science in Business Management from the University of Phoenix and the Certified Municipal Clerk designation from the International Institute of Municipal Clerks. She is also a member of the California Municipal Clerks Association and belongs to the National Association of REALTORS®, the California Association of REALTORS®, and the Orange County Association of REALTORS®. She is honored to help bring the Global Women of Service vision to life with Soka University of America.
